composite rubber and foam solutions

Our FIVE flooring collection is a complete success! Since its introduction two and a half years ago, it enjoys increasing popularity. This has led us to add **two new**, attractive and exciting **colour combinations** to the standard range: **SAMBA** and **STARS**.

Both versions are **available as of now!** You are curious, want to convince yourself and get to know the two newcomers? Nothing easier than that! Simply send an e-mail to info@formtech.ch and ask for a sample. Or print out this page, stamp it with your company stamp or add your address, scan it in and return it to us by e-mail or fax. We are looking forward to it.

FIVE colour variations of special designs with SBR black EPDM dotted (5%)	
	
<p>SAMBA SBR black EPDM bright yellow + bright green</p> <p>Green and yellow are not only signal colours but also represent life and balance. That's the reason why they «dance» here together through the night...</p>	<p>STARS SBR black EPDM white + eggshell</p> <p>White and eggshell speckles shine through the night like thousand little stars...</p>

Our highly compact and maximally robust rubber floor covering is immune to moisture and water, rot proof, elastic, insulates against impact sound and is suitable for a wider range of applications: Exhibitions, trade fairs and booths, fitness centres, leisure rooms, sports centres, cloakrooms, ice rinks, mountain stations, firing ranges, warehouses, delivery vans and animal transporters, horse floats, etc.
